

ALBERTA ORDERING INFORMATION

Thank you for your interest in ordering Panorama NIPT

Panorama® is a simple, safe, and highly accurate non-invasive prenatal screen that provides >99% combined accuracy for trisomies 13, 18, 21, fetal sex and triploidy. Panorama™ analyzes fetal DNA that is circulating in the maternal blood and can be offered as early as 9 weeks of pregnancy. Results are available within 10 days.

1. Order a Panorama Kit

- a. Contact LifeLabs Genetics to order a Panorama kit at Ask.Genetics@LifeLabs.com or 1-84-GENE HELP
- b. These kits can be sent to the healthcare provider or patient
- c. Healthcare providers can request multiple kits to keep on hand

2. Schedule a blood draw

- a. Contact LifeLabs Genetics for more details on which collection partners are available in your region and if any additional documentation will be required (Eg: 3rd party requisition). In Alberta, LifeLabs has affiliations with the following companies for blood collection, which require patients to book an appointment:
 - i. Dynalife (1-877-702-4486)
 - ii. Calgary Lab Services (CLS) (1-800-661-3450)
- b. You may also collect the sample in your clinic if preferred; collection instructions are provided in the kit

3. Complete the Required documents (available from www.lifelabsgenetics.com)

- a. Requisition form
 - i. Fill out all fields in order to prevent delays
 - ii. Have patient sign and date the requisition form
 - iii. Choose only one test option on the requisition:

Test	Private Pay Price
Panorama Prenatal Test	\$550
Panorama Prenatal Test + 22q11.2 deletion	\$745
Panorama Prenatal Test + Microdeletion Extended Panel	\$795

- b. Payment Form
- c. Consent
 - i. Patient to read and sign
 - ii. To be kept in the patient’s chart, LifeLabs does not require a copy
- d. Third party requisition if having sample collected by CLS or Dynalife

4. Provide forms to patient to bring to blood draw.

- a. LifeLabs requisition
- b. Payment form
- c. 3rd party requisition if having sample collected by CLS or Dynalife
