

BC ORDERING INFORMATION

Thank you for your interest in ordering Panorama NIPT

Panorama® is a simple, safe, and highly accurate non-invasive prenatal screen that provides >99% combined accuracy for trisomies 13, 18, 21, fetal sex and triploidy. Panorama® analyzes fetal DNA that is circulating in the maternal blood and can be offered as early as 9 weeks of pregnancy. Results are available within 10 days.

How to order Panorama NIPT

1. To order Panorama NIPT for residents of British Columbia, fill out the Private Pay requisition. Please ensure that all fields are filled out on the requisition to avoid processing delays.

** As of March 1, 2016, NIPT is funded in certain cases but can no longer be ordered with Panorama.
For more information, please contact the "BC Prenatal Screening Group."**

2. Check off only **ONE** of the following tests on the requisition (with prices):

Test	Private Pay Price
Panorama Prenatal Test	\$550
Panorama Prenatal Test + 22q11.2 deletion	\$745
Panorama Prenatal Test + Microdeletion Extended Panel	\$795

3. Have the patient sign and date the consent portion at the bottom of the requisition

4. A separate document entitled, the Patient Consent Form, must also be read and signed by the patient and kept in the patient's chart. LifeLabs does not need a copy.

The patient can make an appointment at either a LifeLabs or BC Biomedical location by calling **1-855-412-4495** or **1-877-507-5595**. They must bring the following:

- Completed requisition
- Requisition must be fully completed and signed by their physician
